

Index Definitions

It is not possible to invest directly in an index or average.

Barclays Capital US Aggregate Bond Index

The Barclays Capital US Aggregate Bond Index (formerly Lehman Brothers US Aggregate Bond Index) is a benchmark index composed of US securities in Treasury, Government-Related, Corporate, and Securitized sectors. It includes securities that are of investment-grade quality or better, have at least one year to maturity, and have an outstanding par value of at least \$250 million.

BofA Merrill Lynch Global High Yield Constrained Index

The BofA Merrill Lynch Global High Yield Constrained Index tracks the performance of below investment grade bonds of corporate issuers domiciled in countries having an investment grade foreign currency long-term debt rating (based on a composite of Moody's and S&P). The Index is weighted by outstanding issuance, but constrained such that the percentage of any one issuer may not represent more than 3% of the Index.

MSCI ACWI

The MSCI All Country World Index (ACWI) is a free float-adjusted market capitalization index that is designed to measure equity market performance in the global developed and emerging markets.

MSCI ACWI (ex-US)

The MSCI All Country World Index (ACWI) (ex-US) is a free float-adjusted market capitalization index that is designed to measure equity market performance in the global developed and emerging markets excluding the US.

Russell 2000 Index

The Russell 2000 Index measures the performance of the 2,000 smallest companies in the Russell 3000 Index, which represents approximately 8% of the total market capitalization of the Russell 3000 Index, with all values expressed in U.S. dollars.

Russell 3000 Index

The Russell 3000 Index measures the performance of the 3,000 largest U.S. companies based on total market capitalization, which represents approximately 98% of the investable U.S. equity market, with all values expressed in U.S. dollars.

Russell Microcap Index

The Russell Microcap Index measures the performance of the smallest 1,000 securities in the small-cap Russell 2000 Index along with the next smallest 1,000 companies, based on a ranking of all U.S. equities by market capitalization.

Russell Midcap Index

The Russell Midcap Index measures the performance of the smallest 1,000 securities in the small-cap Russell 2000 Index along with the next smallest 1,000 companies, based on a ranking of all U.S. equities by market capitalization.
